### **Literacy week:**

January 24th to 31st is *Literacy Week*. There will be some fun literacy themed activities including virtual guest readers, student writing challenges, listening circles and staff and student “book suggestions” wall displays. The kick-off to this fantastic week of literacy begins during the Monday TEAMS announcements at 1235pm. We can’t wait to get this week started!

**Mme Allisen asks:** *Did you know?* There are often special days in a school year, but for literacy it's a whole week! That makes sense not just for kids at school but for an entire nation. The level of literacy of a population corresponds closely to the economic growth and development of a country. So reading is never just filling time, we can add it to Canada's GDP.

I can hardly wait for Fri, Jan 29th when we get to cuddle up with book in our PJs and read. *What books do you recommend?*

### **Daily Health Checklist Reminder**

Please continue to go over the Daily Health Checklist [http://www.bccdc.ca/Health-Info-Site/Documents/COVID\\_public\\_guidance/Daily-Health-Check-English.pdf](http://www.bccdc.ca/Health-Info-Site/Documents/COVID_public_guidance/Daily-Health-Check-English.pdf) with your child (ren) each morning before they arrive at school. Thank you for your continued vigilance and understanding.

### **Kindergarten registration closes on Jan 31st!**

Last day to register online for French Immersion Kindergarten. Even if you have a sibling attending the school, you still must go online to register your kindergarten aged child. Please make sure you don't miss out on getting your spot!

Wishing you a wonderful, safe weekend.

Sincerely,  
Mme. Apland
